I. Agenda

Reward time

Other clubs to offer

How can we make school more engaging

II. Discussion

The reward time does not work at present as there is too little structure. More structure is needed, things like team sports and organized activities.

Students liked the Volley last term and would like to see it brought back.

To help engage students the school council thinks that bringing back the House system might work as they like the idea of competition and peer support alongside some team spirit

The lunches have got much better since Louise has been in charge and it has been noticed that more students are eating better now.

The council has asked if they can leave site during lunch to go to the shop.

As part of the reward system the council have asked the student body and would like to have Go-Carting arranged as the end of half term reward.

III. Outcomes

Mr Cato has been charged with arranging the activities during the reward time at the end of the day which should bring in some more structure to the end of the day.

Mr Cato knows that volleyball has been recommended.

Mr Hobbs has spoken to Mr Worton who thinks that the house system is a good idea and will start to work on the ideas around getting the whole structure implemented.

Louise has been told about the improvement in lunches and is very appreciative of the compliment

At present trust is an issue so when the students start to prove that they can be trusted we will review this item.

Mr Husband will try to book the Go-Carting for the Tier 3 activity.
